Philips
Pressurized ironing system

GC7240

Steam tip

4.5 bar

Up to 4.5 bars

Quick start-up

Up to 100 g/min of steam

Extra-large water-filling funnel

Faster ironing - from start to finish

Pressurised steam power with fast-fill water tank

Created to speed up ironing from start to finish, GC7240 is ready to use in 2 minutes. Pressurised steam power speeds up ironing by penetrating deeper into fabric and the extra-large water-filling funnel allows fast & easy refills anytime.

Full control
- Variable steam settings to suit every garment

Smooth gliding
- SteamGlide soleplate for powerful steam and superb gliding

Reaches into tricky areas
- Steam tip lets you iron right into hard-to-reach areas

Fast and powerful ironing
- Up to 4.5 bars of steam pressure for fast ironing
- Ready to use in 2 minutes
- Continuous steam up to 100 g/min for fast crease removal
- Steam boost up to 120 g/min helps to remove stubborn creases
- Water-filling funnel allows fast and easy refills anytime

Comfortable ironing
- Steam trigger lock gives steam without needing to press down

sense and simplicity

Pressurized ironing system

GC7240

Specifications

Easy set up and storage
- Cord and hose storage cap: Allows for quick & easy storage of cord and hose

Longer lifetime
- Inox boiler with external heating element: Anti-corrosion steam chamber
- Calc-Clean: Simply rinse the boiler every 10 ironing sessions

Easily removes creases
- Optimal vent pattern: For the best steam distribution
- Continuous vertical steam: For hanging fabrics

Reaches into tricky areas
- Button groove: Speeds up ironing along buttons and seams

Comfortable ironing
- Steam trigger lock: Gives steam without needing to press down
- Extra long hose for maximum reach: 1.7 m
- Extra-long cord for maximum reach: 2.0 m
- Soft grip: For lasting ironing comfort
- Suitable for tap water

Safe ironing
- Overheat safety stop: Prevents the boiler from overheating
- Four rubber feet: Ensure the stand does not slip
- Stable heel rest: Keeps the iron stable when standing
- Iron lock: Stores iron safely on its stand

Full control
- Iron temperature ready light
- Steam-ready light: Indicator shows when right steam level is reached
- Water tank empty light: Indicator shows when water tank needs refilling

Technical specifications
- Frequency: 50-60 Hz
- Voltage: 230 V
- Iron wattage: 800 W
- Boiler wattage: 1400 W

Weight and dimensions
- Dimensions: 429x400x206 mm
- Weight (incl. packaging): 6.1 kg
- Pallet: 254 (Europallet) ; 399 (ROW) pcs

Product highlights

Steam tip
The unique steam tip combines a particularly pointed front of the soleplate with special steam slots in the tip to reach right into the smallest and most difficult areas for the best ironing results.

Up to 4.5 bars
Combining maximum steam output with high pressure, the steam penetrates deep into fabrics, giving exceptionally fast results, even on difficult fabrics.

Quick start-up
When switched ON, the ironing system is ready for steam ironing in just 2 minutes.

Up to 100 g/min of steam
Continuous steam output up to 100 g/min thanks to the small amounts of water that are pumped into the boiler each time. For perfect and fast crease removal.

Extra-large water-filling funnel
Filling your iron's water tank has never been faster or easier. Simply open the easy-access lid and pour in the water. The large, funnel-like opening ensures quick, convenient filling without the risk of spillage. And water can be added anytime - before, during or after an ironing session - without having to wait for the iron to cool down.

Steam trigger lock
The steam trigger lock allows a user the possibility to have continuous steaming of the iron without having to press the trigger continuously.

SteamGlide Soleplate
This specially designed soleplate combines superior ceramic coating for superior gliding on all fabrics and carefully designed vents for powerful crease removal.
